Torus video: <https://en.wikipedia.org/wiki/Torus>

In [geometry](#), a **torus** (pl. **tori**) is a [surface of revolution](#) generated by revolving a [circle](#) in three dimensional space about an axis [coplanar](#) with the circle, which does not touch the circle.

Torus was the [Latin](#) word for a [cushion](#)- the shape produced when a circle is rotated about a chord resembling a round cushion.

(When the axis passes through the center of the circle, the torus degenerates into a [sphere](#). This case is normally excluded from the definition. With no further restrictions on the location of the axis in this plane, there are three classes of standard tori: **ring torus**, where the axis is disjoint from the circle;

the **horn torus**, where & the **spindle torus** the axis is tangent to the circle; where the axis meets the circle in which distinct points)

The [Temple of Osiris](#) in [Abydos](#) Egypt and at [Mount Sinai](#).^[9] Precisely how old these inscriptions are is unknown. Some suggest they may date back more than 12,500 yrs.

Caduceus

As a symbolic object, it represents Hermes (or the Roman Mercury), and by extension trades, occupations, or undertakings associated with the god. In later [Antiquity](#), the caduceus provided the basis for the [astrological symbol](#) representing the [planet Mercury](#). Thus, through its use in [astrology](#) and [alchemy](#), it has come to denote the [elemental metal](#) of the same name. It is said the wand would wake the sleeping and send the awake to sleep. If applied to the dying, their death was gentle; if applied to the dead, they returned to life.^[5]

In the realm of magic to cast a spell was to use words to influence or control human behavior. Saruman has the people "spellbound" believing he is their champion.

Jung called this Participation mystique, a phenomenon Hitler produced with his rousing speeches.

"To be governed is to be watched, inspected, spied upon, directed, law driven, numbered, regulated, enrolled, indoctrinated, preached at, controlled, checked, estimated, valued, censured, commanded by psychopathic creatures who have neither the right, nor the wisdom, nor the virtue to do so. To be governed is to be at every operation, at every transaction noted, registered, counted, taxed, stamped, measured, numbered, assessed, licensed, authorized, admonished, prevented, forbidden, reformed, corrected, punished...Then at the slightest resistance, the first word of complaint, to be repressed, disarmed, bound, choked, imprisoned, judged, condemned, shot, deported, sacrificed, suicided, sold, and betrayed."

"When we get ready to take the United States, we will not take it under the labels of Communism we will not take it under the label of *Socialism*. These labels are unpleasant to the American people, and have been speared too much. We will take the United States under labels we have made very lovable; we will

take it under *Liberalism*, under *Progressivism*, under *Democracy*. But take it we will." - Alexander Trachtenberg at the National Convention of Communist Parties, Madison Square Garden, 1944

We must realise that our Party's most powerful weapon is racial tension. By pounding into the consciousness of the dark races that for centuries they have been oppressed by the Whites we can mould them to our program. The terms "Colonialism" and "Imperialism" must be featured in our propaganda. In America we will aim for subtle victory while inflaming the Negro minority against the Whites, we will endeavour to instill in Whites a guilt complex for exploiting the Negroes. We will aid the Negroes to rise to prominence in every walk of life, in the professions and in the world of sport and entertainment. With this prestige, the Negroes will be able to intermarry with the Whites and begin a process which will deliver America to our cause." - An excerpt from Israel Cohen's book "Communist tactics for the Twentieth Century" written in 1912
